1 TREE WELLNESS SYSTEM

Retail Income + Binary Team Income + Royalty Leadership Income + Rank Rewards
= Complete Wellness Business Model

Note:

All distributors must complete KYC (**PAN Card and valid identity proof, one PAN one ID only**) to become eligible for payouts. Generation / Royalty income (up to 12 levels) will be calculated on a monthly basis in two cycles: business generated from 1st to 15th of the month will be paid on 18th of the same month, and business generated from 16th to the last date of the month will be paid on the 3rd of the following month. Binary income will follow a daily closing system, with the business period calculated from Wednesday to Tuesday, and the corresponding weekly payout released every Friday (immediate Friday after the cycle). Unmatched binary business will be carried forward as per company policy. All payouts from any income source will be subject to deductions of **5% TDS and 5%** administrative charges as per applicable rules.

The company reserves the right to verify business activity, audit accounts, modify the marketing plan, or suspend/terminate distributorship in case of policy violations, unethical practices, or non-compliance with applicable laws and direct selling guidelines. This is a product-based direct selling opportunity, and earnings depend on individual sales and team performance; the company does not guarantee any fixed or assured income.

Condition: All income will be calculated based on Business volume.
